SCHOOL HISTORY

Thank you for considering Eastern Academy of Scuba Education for your career training. We are committed to providing you with training that will prepare you to meet your career goals and become successful in the diving industry. In addition to preparing you for a successful career, our training programs are enjoyable and stress free. Give us a call, write us an Email or come in and talk to us, we'd like to help you plan your career.

Deep Six Dive Shop was opened in 1979 and has provided diving services since that time. In 1992 we were awarded the PADI 5 Star Instructor Development Center rating and Eastern Academy of Scuba Education was licensed by the Florida State Board of Independent Post-secondary Vocational, Technical, Trade and Business Schools. We provide the complete range of PADI training programs from beginning diver to Instructor Development and IDC Staff Instructor.

We are committed to providing you with PADI scuba instruction that is enjoyable, informative, and interesting. In addition, we structure our programs to fit your skills and experience. Not only are the programs educational; they are safe and enjoyable. We believe you learn quicker and remember the information longer when you enjoy your training.

DESCRIPTION OF FACILITY

The school facilities are located at 416 Miracle Mile (21st Street), Vero Beach, Florida. The 7000 sq. ft. facility consists of a 200 sq. ft. classroom, a 60 sq. ft. school office and over 5000 sq. ft. of retail display area. The open water setting is just minutes from the school facilities. The classroom is equipped with classroom style seating arrangement and completely outfitted with video, DVD and computer equipment, internet connections and teaching equipment.

OWNERSHIP AND FACULTY

Eastern Academy of Scuba Education, Inc. is a subsidiary of Deep Six Dive Shop, Inc. The owners are: Chris Hammett and Doyle Hammett. Corporate officers act as the school's governing body and can be reached at the school address.

The corporate officers are:

Director: Chris Hammett

Director: Doyle Hammett

Director: Elizabeth Hammett

School Faculty:

Philippe Yersin, **PADI** Course Director #901853

Madison Heffernan **PADI** Course Director #352948

As a PADI Course Director Philippe and Madison can teach all of the courses offered through Instructor Development Course Staff Instructor.

Each of our Faculty Instructors have extensive offerings available for Specialty Instructor Training including but not limited to: Boat, Cavern, Deep, DPV, Drift, Dry suit, EANX (Nitrox), Equipment, Fish ID, Multi-Level Diver, U/W Naturalist, U/W Navigation, Peak Performance Buoyancy, Project Aware, Oxygen First Aid, Night, U/W Photography, Search & Recovery and U/W Videographer.

In addition, Philippe is a Trimix Instructor Trainer, TecDeep Instructor Trainer, Gas Blender Instructor Trainer and TEC 40 CCR Instructor; he also has trained with CMAS, DAN, ITI, NSS-CDS & TDI.

POLICY STATEMENT

The Eastern Academy of Scuba Education does not discriminate regarding race, color, creed and/or religion.

PLANNING YOUR DIVING CAREER

The key to success as a diving educator is understanding the steps involved in getting a good education. To prepare for your instructor program, you need the proper educational background and skills. The steps to beginning your diving career as a PADI Instructor start with the PADI diver continuing education program.

To get started planning your diving career, you must decide upon your training program. You can enroll in one course at a time or in your entire program. To determine your next course, look at the PADI Continuing Education course pyramid. This pyramid shows you the complete range of PADI programs and gives you an idea of what your next program should be.

THE PADI OPEN WATER SCUBA INSTRUCTOR TRAINING PROGRAM

PADI'S INSTRUCTOR TRAINING PROGRAM IS UNIQUE AND UNLIKE ANY OTHER IN THE INDUSTRY. IT IS DIVIDED INTO TWO PARTS, AND TO QUALIFY FOR PADI OPEN WATER SCUBA INSTRUCTOR CERTIFICATION, BOTH PARTS MUST BE COMPLETED.

THE *FIRST PART* IS THE INSTRUCTOR DEVELOPMENT COURSE. DURING THIS COURSE YOU LEARN HOW TO TEACH PADI COURSES AND USE OF THE PADI SYSTEM OF DIVER EDUCATION. PADI TRAINING STANDARDS ARE OVERVIEWED BY OUR COURSE DIRECTOR AND THE INDIVIDUAL PADI COURSES ARE PRESENTED IN DETAIL. IN ADDITION, YOU WILL HAVE PRACTICE TEACHING OPPORTUNITIES IN THE CLASSROOM, POOL, AND OPEN WATER THAT PREPARE YOU FOR THE INSTRUCTOR EXAMINATION.

PART *TWO* OF THE PROGRAM IS THE INSTRUCTOR EXAMINATION, CONDUCTED BY PADI HEADQUARTERS. THIS TWO DAY PHASE INVOLVES AN EVALUATION OF YOUR DIVING KNOWLEDGE AND TEACHING ABILITIES IN THE CLASSROOM, POOL, AND OPEN WATER ENVIRONMENT. AFTER COMPLETION, YOU'RE CERTIFIED AS A PADI OPEN WATER SCUBA INSTRUCTOR.

PADI®

Career Ladder

**Instructor
Divemaster
Rescue Diver
Advanced Diver
Open Water Diver**

After your Open Water Diver Course your next program is Advanced Open Water, then Rescue Diver, Divemaster, and then your Instructor Development Course. If your entry-level or current certification's are from a training organization other than PADI, you probably meet PADI's training equivalency requirements. For more information about our programs or for help on deciding which course is next for you – just give us a call.

PRE IDC COURSES

ADVANCED OPEN WATER DIVER

As you step beyond the PADI Open Water Diver level, you make five dives and have the opportunity to try some of diving's most rewarding and useful specialty activities, such as deep diving, digital underwater photography, wreck diving and much more. These skills make diving much more than underwater sightseeing. Plus, the Advanced Open Water Diver course takes you one step closer to Master Scuba Diver – the ultimate non professional certification in recreational diving. This course will further develop your confidence in the water and your diving enjoyment.

COURSE PREREQUISITES:

PADI Open Water or qualifying certification from another training organization

MINIMUM AGE:

18 years for Career candidates

OF DIVES: 5

Required Diving Equipment:

- Fins, mask and snorkel
- Buoyancy control device (BC) with tank mount or separate backpack, and low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth monitoring device.
- Quick release weight system and weights (if necessary for neutral buoyancy, or if required for skill practice)
- Adequate exposure protection appropriate for local dive conditions
- At least one audible emergency surface signaling device (whistle, air horn, etc)
- Dive computer or RDP (eRDPml or Table)

ACADEMIC TOPICS & SKILLS

	Clock Hours
AOW 001 Diving Exercise Briefings	2.50
AOW 002 Diving Skill Development Exercises	12.50

TOTAL CLOCK HOURS	15.00
--------------------------	--------------

Note: Scuba tanks and weights will be provided at no extra charge.

COURSE TUITION:	\$305.00
TRAINING MATERIAL:	\$212.83
TOTAL:	\$517.83

CERTIFICATION:

PADI Advanced Open Water Diver (Certification fee included)

COURSE MATERIAL:

Students are responsible for acquiring equipment for class. See Materials and Equipment Rental Form for the exact costs.

RESCUE DIVER

Challenging and rewarding best describes the PADI Rescue Diver course. This course will expand your knowledge and experience level. Rescue Divers learn to look beyond themselves and consider the safety and well being of other divers. Although his course is challenging, it is a rewarding way to build your confidence. Rescue Diver training will prepare you to prevent problems and, if necessary, manage dive emergencies. Many divers say this is the best course they have ever taken.

You'll cover:

- Self-rescue and diver stress
- Emergency management and equipment
- Panicked diver response
- In-water rescue breathing techniques
- Egress (exits)
- Dive accident scenarios

COURSE PREREQUISITES:

PADI Advanced Open Water or qualifying certification from another training organization

Minimum of 20 dives for qualifying certification

Cardiopulmonary Resuscitation (CPR-Primary Care) and basic first aid (Secondary Care) within the past two years (24 months)

MINIMUM AGE:

18 years for Career candidates

OF DIVES: 4

Required Diving Equipment:

- Fins, mask and snorkel
- Buoyancy control device (BCD) with tank mount or separate backpack, and low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth monitoring device.
- Quick release weight system and weights (if necessary for neutral buoyancy, or if required for skill practice)
- Adequate exposure protection appropriate for local dive conditions
- At least one audible emergency surface signaling device (whistle, air horn, etc)
- Dive computer or RDP (eRDPml or Table)

Note: Scuba tanks and weights will be provided at no extra charge.

COURSE TUITION: \$350.00
TRAINING MATERIAL: \$224.50
TOTAL: \$574.50

CERTIFICATION:

PADI Rescue Diver (Certification fee included)

COURSE MATERIAL:

Students are responsible for acquiring equipment for class. See Materials and Equipment Rental Form for the exact costs.

DIVEMASTER

Your adventure into the professional levels of recreational diving begins with the PADI Divemaster program. Working closely with a PADI Instructor, in this program you expand your dive knowledge and hone your skills to the professional level. PADI Divemaster training develops your leadership abilities, qualifying you to supervise dive activities and assist instructors with student divers.

During the PADI Divemaster program, you learn dive leadership skills through both classroom and independent study. You complete water skills and stamina exercises, as well as training exercises that stretch your ability to organize and solve problems. You put this knowledge into action through a series of practical training exercises.

Knowledge Development: 12 topics ranging from dive theory to assisting student divers in training

COURSE PREREQUISITES:

PADI Advanced Open Water Diver (or qualifying certification from another training organization)

PADI Rescue Diver (or qualifying certification from another training organization)

Logged 40 scuba dives to start training and logged 60 scuba dives for certification requirement.

Medically evaluated and cleared for diving by a physician within 12 months.

MINIMUM AGE:

18 years

OF DIVES: 8

Required Diving Equipment:

- Fins, mask and snorkel
- Buoyancy control device (BCD) with tank mount or separate backpack, and low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth and Time monitoring device.
- Compass
- Quick release weight system and weights (if necessary for neutral buoyancy, or if required for skill practice.)
- Adequate exposure protection appropriate for local dive conditions
- Two surface signaling devices—one audible (whistle, air horn, etc) and one visible (inflatable surface tube, flare, signal mirror, etc.)
- Dive computer or RDP (eRDPml or Table) and Instruction for use.

Note: Scuba tanks and weights will be provided at no extra charge.

COURSE TUITION:	\$ 839.00
TRAINING MATERIAL:	\$ 308.00
FEES:	\$ 123.00
TOTAL:	\$1270.00

COURSE MATERIAL:

Students are responsible for acquiring equipment for class. See Materials and Equipment Rental Form for the exact costs.

GO-PRO DIVEMASTER

The Go-Pro Divemaster Program is the first step for someone wanting to become a scuba diving professional. It is targeted at candidates with basic or no diver level certification and takes them thru the first level of dive professional, the PADI Divemaster. With this certification, a person is qualified to lead certified divers on recreational dives and assist PADI dive instructors with student training. Successful completion of the Go-Pro Divemaster program meets the prerequisite requirements to enter the PADI instructor program.

COURSE PREREQUISITES:
Non Diver or Basic scuba certification

MINIMUM AGE:
18 years for Career candidates

OF DIVES: 33

Required Diving Equipment:

- Fins, mask and snorkel
- Buoyancy control device (BCD) with low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth monitoring device.
- Quick release weight system and weights if necessary for neutral buoyancy or if required for skill practice
- Adequate exposure protection appropriate for local dive conditions
- At least one audible and one visual emergency surface signaling device (whistle, air horn, etc)
- Dive computer
- Accessories:, slates, reels, spool, light

INSTRUCTOR DEVELOPMENT COURSE

Are you looking for something extraordinary? To do something others can only dream of? To help people transform their lives? To open doors you didn't even know existed? All of this, and more, awaits you as a PADI Open Water Scuba Instructor. The Instructor Development Course (IDC) is the cornerstone of PADI's professional-level training. The course focuses on preparing you to function as a PADI Assistant Instructor or Open Water Scuba Instructor by introducing you to the complete PADI System. The course focuses your ability on using all components of the system as a professional dive educator.

COURSE PREREQUISITES:

- PADI Divemaster rating or qualifying certification from another organization
- 60 logged dives (with experience in night, deep and navigation)
- Proof of CPR and first aid training within the last 24 months
- Medically evaluated and cleared for diving by a physician within 12 months.
- You'll need 100 logged dives to take the Instructor Exams unless enrolled in our Career Program.

MINIMUM AGE:

18 years

OF DIVES: 3

Required Diving Equipment:

- Fins, mask and snorkel
- Buoyancy control device (BCD) with tank mount or separate backpack, and low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth and Time monitoring device.
- Compass
- Quick release weight system and weights (if necessary for neutral buoyancy, or if required for skill practice.)
- Adequate exposure protection appropriate for local dive conditions
- Two surface signaling devices—one audible (whistle, air horn, etc) and one visible (inflatable surface tube, flare, signal mirror, etc.)
- Dive computer or RDP (eRDPml or Table) and Instruction for use.

Note: Scuba tanks and weights will be provided at no extra charge.

EMERGENCY FIRST RESPONSE INSTRUCTOR COURSE

First aid and CPR are good skills for anyone involved in adventure sports – just in case. And, you need these skills for the PADI Rescue Diver course. Emergency First Response is a PADI affiliate that specializes in teaching these lifesaving skills – and they're for anyone, not just divers. Most PADI Instructors are also Emergency First Response Instructors! In fact, they need to be EFR Instructor or have CPR/first aid instructor credential from another emergency care organization to be certified as a PADI OWSI.

During the Emergency First Response Instructor course, you will build on your skill as an Emergency Responder and focus on developing your instructional abilities to teach these skills to others. The Instructor course provides you with the additional training necessary to teach the Emergency First Response Primary Care (CPR), Secondary Care (First Aid) and Care for Children courses. Through a multi-media approach of independent study, classroom sessions and practical teaching assignments, you learn to conduct Emergency First Response courses.

The instructor course covers specific goals and performance requirements for the Primary Care, Secondary Care and Care for Children courses, along with instruction on how to structure learning, the requirements of performance-based training, and your role as the instructor in the learning environment. You also learn how to motivate students, evaluate student knowledge, present course content effectively, become proficient in developing students' hands-on skills practice sessions, and are taught how to present an effective scenario-based learning experience.

COURSE PREREQUISITES:

To enter the Emergency First Response Instructor course, you must have completed adult, child and infant CPR and first aid training in the past 24 months or be a practicing medical professional such as a physician, Emergency Medical Technician, Paramedic and Registered Nurse.

MASTER SCUBA DIVER TRAINER

As a PADI Instructor, you can increase your marketability and create a greater demand for yourself by becoming a PADI Specialty Instructor. Specialty courses are in great demand today because they are enjoyable for the students to take and for the instructor to teach. In addition, they can easily be combined with international or domestic travel programs, and they qualify students for the Master Scuba Diver rating. The better you are, the more money you make. Dive professionals who have the right skills can work anywhere in the world. Employers seek them out.

Our program includes 5 specialty instructor courses of your choice conducted in an integrated manner over 4 days:

During the program you will learn how to promote, market, and conduct specialty courses. You will practice briefing, skills and scenarios.

COURSE PREREQUISITES:

Current PADI Instructor or completion of an IDC or OWSI course within the last 12 months. Eanx Diver.

MINIMUM AGE:

18 years

OF DIVES: 7

Required Diving Equipment:

- Fins, mask and snorkel
- Buoyancy control device (BCD) with tank mount or separate backpack, and low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth and Time monitoring device.
- Compass
- Quick release weight system and weights (if necessary for neutral buoyancy, or if required for skill practice.)
- Adequate exposure protection appropriate for local dive conditions
- Two surface signaling devices—one audible (whistle, air horn, etc) and one visible (inflatable surface tube, flare, signal mirror, etc.)
- Dive computer or RDP (eRDPml or Table) and Instruction for use.

Note: Scuba tanks and weights will be provided at no extra charge.

MSDT 009 Specialty 4 (2 dives)	8.00
MSDT 010 EANX Diver Instructor (no dives)	3.00
TOTAL CLOCK HOURS	45.00

COURSE TUITION:	\$ 695.00
TRAINING MATERIAL:	\$ 150.15
FEES:	\$ 350.00
TOTAL:	\$1 195.15

CERTIFICATION:

5 PADI Specialty Instructor

Each specialty application requires 10 logged dives in that specialty. Candidates qualify for the MSDT rating only after they have certified 25 PADI divers and submitted a separate application to PADI. MSDT application fee - \$90 (not included in tuition)

COURSE MATERIAL:

Students are responsible for acquiring equipment for class. See Materials and Equipment Rental Form

TECHNICAL INSTRUCTOR PROGRAM

The PADI Tec Deep Instructor (PTDI) course prepares the PADI Instructor to teach others to go beyond recreational diving limits and prepare them for the demands and challenges of technical diving. The PTDI Instructor course prepares candidates to conduct the Tec Diver (TD) course and addresses the philosophy, organization, practical considerations, promotion and other aspects of teaching the TD course. Since the TD course can be taught in Sidemount configuration, the program include the Tec Sidemount / Recreational Sidemount instructor course.

COURSE PREREQUISITES:

Be a renewed PADI Open Water Scuba Instructor (or a PADI Instructor with a higher rating)
 Be a PADI Enriched Air Instructor, or have successfully completed a PADI Enriched Air Instructor Training course.
 Be a PADI Deep Diver Specialty Instructor or have successfully completed a PADI Deep Diver Specialty Instructor Training course.
 Have a minimum of 100 logged dives where at least 20 dives were made with enriched air nitrox, 25 dives were deeper than 60 feet and at least 15 dives were deeper than 100 feet.
 Please note that there are Post Requisites requirement to be met before PADI will issue the certification for Tec Sidemount Instructor, Tec Deep Instructor and Tec Instructor.

MINIMUM AGE:

18 years old

OF DIVES: 25

Required Diving Equipment:

Mask
 Fins
 1 primary regulator with 7 foot hose
 1 secondary regulator with SPG
 2 deco regulators with SPG
 1 dual bladder wing with harness
 1 Sidemount Harness
 High pockets
 1 multigas dive computer
 1 Digital Gauge or backup computer
 Exposure protection adequate for the environment
 Weight system
 2 DSMB / lift bag
 Reel 250 Ft
 Spool 100 Ft
 2 cutting devices
 Wetnotes or wrist slate
 Wrist compass
 Primary dive light
 Various Gate clip
 Shock cord, surgical tubing

Note: Scuba tanks will be provided at no extra charge.

INSTRUCTOR DEVELOPMENT COURSE STAFF INSTRUCTOR

Instructors who have gone beyond the PADI Master Scuba Diver Trainer certification have special credentials that allow them to teach PADI Instructor Development Courses or programs within the IDC. PADI IDC Staff Instructors can teach the AI course in its entirety and may assist with IDCs. This program is the next step in PADI's Instructor Continuing Education program following Master Scuba Diver Trainer, and it provides a complete overview of the IDC training process. You'll practice and learn more about the IDC evaluation skills. You'll practice candidate evaluations in the classroom, pool, and open water settings and learn more about IDC training philosophy.

COURSE PREREQUISITES:

PADI Master Scuba Diver Trainer

MINIMUM AGE:

18 years

OF DIVES: 3

Required Diving Equipment:

- Fins, mask and snorkel
- Buoyancy control device (BCD) with tank mount or separate backpack, and low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth and Time monitoring device.
- Compass
- Quick release weight system and weights (if necessary for neutral buoyancy, or if required for skill practice.)
- Adequate exposure protection appropriate for local dive conditions
- Two surface signaling devices—one audible (whistle, air horn, etc) and one visible (inflatable surface tube, flare, signal mirror, etc.)
- Dive computer or RDP (eRDPml or Table) and Instruction for use.

ADMINISTRATIVE INFORMATION

Tuition & Certification Fees

The training you receive at our school qualifies you for scuba certification. Your tuition and course deposits are paid to the school; your PADI fees are paid directly to PADI. The fees that are paid to PADI are for processing your certifications, wall certificates, and registering your certification with PADI. The following PADI fees are not included in the course deposit or Tuition that you pay to the School and are due at the completion of your training in order to receive your PADI certification.

- Divemaster Course
- Divemaster Fee: \$123
- Instructor Development Course
- Instructor Development Course Fee: \$175
- Instructor Evaluation Fee: \$690
- IE Make Up segment: \$279
- Emergency First Response Instructor Course
- EFR Instructor Fee: \$118
- Master Scuba Diver
- Trainer Course
- Specialty Instructor Fees: \$350 (\$70 each specialty certification)
- Master Scuba Diver Trainer Fee: \$96
- IDC Staff Instructor Course
- IDC Staff Instructor Fee: \$129

Scuba Equipment Needed For Training

Students are responsible for having the proper scuba equipment for class. The following items are needed:

- Fins, mask and snorkel
- Buoyancy control device (BCD) with tank mount or separate backpack, and low pressure inflator.
- Primary regulator and alternate air source.
- Breathing gas monitoring device (e.g. submersible pressure gauge)
- Depth monitoring device.
- Quick release weight system and weights (if necessary for neutral buoyancy, or if required for skill practice)
- Adequate exposure protection appropriate for local dive conditions
- At least one audible emergency surface signaling device (whistle, air horn, etc)
- Dive computer or RDP (eRDPml or Table). See specific course page for extra equipment needed.
- The school has a complete rental department and students needing to rent items should reference the Rental Price Sheet for exact costs.
- Recreational gear setup rental fee is \$65 per day.
- Technical gear setup rental fee is \$95 per day.

Student Housing

The school does not maintain student housing and each student must secure their own accommodation. However, we will be pleased to assist students in locating suitable housing arrangements.

Student Records

Student records that include the enrollment agreement, medical approval forms, liability releases,

waivers, certification copies, water skill evaluation sheets, academic evaluation forms, academic tests, and make up tests will be permanently retained by the school. They are available to students upon request. Official transcripts are available from PADI by completing the Student Transcript Request Form and sending it to PADI along with a \$10 fee.

College Credit for Your EASE Course

The American Council on Education (ACE) recommends that certain EASE Courses be accepted for academic college credit. The evaluation of the amount of credit accepted is up to the Individual College. However, the following courses qualify for college credits.

PADI Open Water Diver	1 credit
PADI Advanced Open Water Diver	1 credit
PADI Rescue Diver	1 credit
PADI Divemaster	2 credits
PADI Instructor Development	2 credits

Career Placement

The school provides a placement service and will assist students in locating employment opportunities that match their career goals. Placement interviews will be scheduled after students have completed the course.

Note: EASE cannot or does not guarantee employment.

Rules and Regulations

If a student must miss a session, the instructor must be notified. All missed sessions must be made up. Excessive absences may constitute a significant number of make up sessions and jeopardize the student's continued enrollment. Excessive absence is considered to be 2 missed periods. When a student misses 2 periods and make ups are not possible, the student may fall behind and be dismissed from school.

Tardiness

A student arriving after attendance has been taken is considered late and will be marked as tardy. All missed class time must be made up.

Leaves

A leave may be granted by the School Training Director. All sessions missed during leaves must be made up.

Make-up Session

Students can make-up missed assignments or training segments through the school, with the course instructor, or with an approved private tutor. The private tutoring fees are \$20 per hour.

Interruptions in Training

Students are generally not dismissed from school for failure to learn skills, but may need special tutoring sessions or additional training. Student's not successfully completing examinations or training exercises will be given re-training or

re-tests, but are unable to continue to the next level or training until the current or prerequisite level is completed. When a student voluntarily terminates enrollment, a refund is based on the amount of time attended. See the refund policy for specific refund information.

Re-entry to School

A student that has been dismissed or has voluntarily left school and wants to be re-admitted must follow standard admission procedures. Students will be evaluated, pre-assessed, and screened to assure that the course prerequisites are met.

Conduct

When on a school exercise or on school premises, students must conduct themselves in an orderly, sober, non-violent, and considerate manner. Violation of this conduct policy is cause for counseling, probation, and dismissal. Verified theft of property from the school or other students, drug or alcohol use or abuse is grounds for immediate enrollment dismissal.

A student not adhering to the rules and regulations of the school or the PADI Safe Diving Practices Statement of Understanding will be counseled and put on Probation. The Probationary period will be in effect for the duration of the current course of study. A second offense during the Probation is grounds for enrollment dismissal.

Financial Aid and Grants

Financial aid, grants, and scholarships are not available for our programs at this time.

Payment Policies

The Course Deposit is due at the time of signing the Enrollment Agreement and requesting course registration and admittance to school. The balance of tuition is due prior to course starting date. A student will not be admitted to the course until total tuition payments are made. Payments remaining delinquent after the school requests payment are referred to a bond collection company.

Hours of Operations

For school information or registration, our office hours are 9:00 AM to 6:00 PM. When in session, school hours are 9:00 AM to 6:00 PM.

Credit for Previous Training

Students with previous scuba training will be pre-assessed prior to enrollment. Pre-assessment may consist of a written, oral or water skill evaluation to assure that prerequisite requirements are met and those skills are appropriate for the level of training being requested. Credit for previous training will be based on diving equivalency evaluations according to PADI Training Standards.

Transfer of Credit

Clock hour credit transfer to other facilities are at the discretion of the accepting institution. Students are responsible to confirm whether clock hour transfers will be accepted prior

to enrollment in courses.

Complaints and Appeals

Students may appeal academic or disciplinary actions by writing an explanation of any relevant information to the Director, Liz Hammett, within 48 hours. The Director will evaluate the information provided by the student, student records and staff and will render a final decision within 48 hours of receiving the request.

Course Schedule

The school has an open entry/open exit policy. The course schedule is attached to the Enrollment Agreement and is enclosed in this catalog package. For more information about specific course call the school office.

School Terms and Daily Schedule

School terms may vary in length; 15 & 16 hour class- 2 days, 38 hour class- 4.5 days, 48 hour class- 6 days, 60 hour class- 7 days, 66 hour class- 8 days. Daily schedule:

- 8:00-12:00 PM Instruction
- 12:00-1:00 PM Lunch
- 1:00-3:00 PM Instruction
- 3:00-3:30PM break
- 3:30-6:00 PM Instruction

Holidays

School will not be held during the following holidays: Christmas Day, New Years Day, Memorial Day, July 4th, Labor Day and Thanksgiving Day.

Registration and Application Procedures

Students wanting to register are to submit a completed Enrollment Agreement and Course Deposit for each course. The balances of tuition and payment for course material are due prior to course starting date. Candidates application will be reviewed to assure all prerequisites have been met. A personalized preparation training schedule will be created, should candidates need more training to meet prerequisites prior to enrollment in a specific program.

Performance Levels for Graduation

The PADI courses we offer are structured around measurable performance objectives. Our experienced staff will assist students in meeting their objectives during each classroom, pool, and open water training session. Written examinations are given to assess knowledge. The examinations are scheduled after students have completed the appropriate segment of instruction.

The **PADI Instructor Development Course** is designed to provide knowledge and teaching skills needed to pass the Instructor Examination and qualify for PADI Open Water Scuba Instructor Certification. Therefore, the assessment of student learning is more experiential and primarily involves evaluating teaching presentations. In the IDC, students should score 3.5 on teaching presentations prior to enrolling in an IE. During the IDC, our Course Director will overview important information and prepare students to successfully complete the IE.

Water Skills assessment scoring criteria and grades.

Score : 5
Description: Excellent
Interpretation : Denotes Demonstration quality.
Score: 4
Description: Good
Interpretation: Denotes a high degree of competency.
Score: 3
Description: Average
Interpretation: Denotes Mastery and satisfactory progress. Skill conducted in a calm, controlled manner.
Score: 2
Description: Below average (repeat required)
Interpretation: Skill may have been completed; significant error or difficulty was noted.
Score 1
Description: Unacceptable (repeat required)
Interpretation: Denotes inability to complete the skill.

Student notification of scores and Progress

Teaching presentation, briefing, and assignment scoring and grade levels.
Scores on all required written examinations will be interpreted as

follows:
100-95% A
90-94% B
81-89% C
75-80% D
74-0% F (retest required)

Briefing and Teaching Presentations

5 Excellent
4 Above Average
3 Average
2 Below Average (repeat required)
1 Unsatisfactory (repeat required)

Satisfactory Progress is denoted by a score of a D or above on examinations and 3 on briefings and teaching presentations.

Students are notified of their progress according to the following schedule.

Water skills
Students are notified of their scores at the end of each water skill session.

Knowledge Assessments
Knowledge assessments are returned to students the period after the assessment was completed and graded by the instructor. After being returned, all missed questions are reviewed in detail.

Teaching Presentations and Briefing Scores

Scores on teaching presentations, briefings, and debriefings are presented to the students at the end of the teaching presentations session.

Type of Certification awarded

After completion of training students will be awarded one or more of the following certification: PADI Advanced Open Water, PADI Rescue Diver, PADI Divemaster, PADI Open Water Scuba Instructor, PADI Master Scuba Diver Trainer, PADI Emergency First Response Instructor, or PADI IDC

Staff Instructor Certification, Go Pro Divemaster, Go Pro Instructor, Dive Industry Specialist, Tec Deep Instructor, Tec CCR Diver, Tec CCR Instructor.

Handicapped and disabled students

Students with handicaps and disabilities will be admitted to the school when they can provide a physician's approval for scuba diving and pass any pre-assessment exercises assessed by the instructor. Student progress and course completion are dependent upon the students ability to complete all exercises and meet the standard course completion requirements. The school reserves the option to not accept students with handicaps, disabilities, or other physical impairments that are determined to be incompatible with scuba diving or safety.

School Refund Policy

Should an Applicant/Student cancel his/her enrollment or be terminated by the school for any reason, all refunds will be made according to the following refund schedule.

1. All monies will be refunded if the application is not accepted by the School, if the course is cancelled, or if the Student cancels within three (3) business days after signing the Enrollment Agreement.
2. Request for cancellation may be made verbally or in writing to a School official prior to the scheduled starting date. Official date of termination is the last day/class period of the actual attendance unless notice is received by the School.
3. All refunds will be made within thirty (30) days of cancellation or termination.
4. Notice of cancellation after three (3) business days after signing the Enrollment Agreement, but prior to seven (7) days prior to the start of

class, the applicant will be entitled to a refund of all tuition monies and the course deposit. Cancellation within the seven (7) day period prior to the starting date will entitle the applicant to a refund of tuition fees only.

5. Students terminating enrollment or being terminated by the School after entering the School and completing less than 50.1% of the course will be entitled to a refund on a pro-rata basis. Those Students entering the School and completing more than 50% of the course will not be entitled to any refunds.

Books and Instructional Materials

You will be required to provide books and instructional materials. These materials are not included in your tuition. They may be ordered from EASE by using the order form contained in your information package. See enclosed "Material Order Form" for required books and materials.

What to send when registering

When registering for EASE programs, send the following documents:

- Photocopies of your diving certifications
- Completed Enrollment Agreement
- The Course Deposit for each course

Send your application to:

Eastern Academy of Scuba Education
416 Miracle Mile (21st Street)
Vero Beach, Florida 32960

If you have questions, please call: (800) 732-9685 or (772)562-8338.

COURSES PREREQUISITES OVERVIEW

- Go-Pro Divemaster:** none
- Go-Pro Instructor:** PADI Divemaster, Dive Leader or Instructor from another training organization
- Dive Industry Specialist:** PADI Open Water Scuba Instructor
- PADI Rescue Diver:** Applicant must be certified as a PADI Advanced Open Water Diver or have a qualifying certification from another training organization and have proof of CPR/First Aid training within 24 months
- PADI Divemaster:** Applicant must be certified as a PADI Advanced Open Water Diver or have a qualifying certification from another training organization, PADI Rescue Diver have or have a qualifying certification from another training organization, and have proof of CPR/First Aid training within 24 months and have proof of at least 20 logged dives.
- PADI Instructor Development Course (IDC):** Applicant must be certified as a PADI Divemaster or have a qualifying certification from another training organization. In addition, applicant must be able to prove the following level of experience: Have been a certified diver for a minimum of 6 months, have a minimum of 60 logged dives and have proof of CPR/First Aid training within 24 months.
- Emergency Responder/Care for Children Instructor** — Applicant must have proof of CPR/First Aid training within 24 months
- PADI Master Scuba Diver Trainer Prep (MSDT):** Applicant must be a PADI Instructor or have completed a PADI IDC within the last 12 months. Additionally, for each course except Equipment Specialist, the applicant must be able to show proof of at least 10 logged dives in each specialty-diving area prior to submitting his/her Specialty Instructor application to PADI. This requirement may be met after the MSDT Prep program.
- PADI Instructor Development Instructor Course Staff Instructor:** Applicant must be a PADI Master Scuba Diver Trainer
- Tec Deep Instructor:** Be a renewed PADI Open Water Scuba Instructor (or a PADI Instructor with a higher rating)
Be a PADI Enriched Air Instructor, or have successfully completed a PADI Enriched Air Instructor Training course.
Be a PADI Deep Diver Specialty Instructor or have successfully completed a PADI Deep Diver Specialty Instructor Training course.
Have a minimum of 100 logged dives where at least 20 dives were made with enriched air nitrox, 25 dives were deeper than 60 feet and at least 15 dives were deeper than 100 feet.
- Tec Rebreather Instructor** PADI Advanced Open Water Diver, PADI Enriched Air Diver (or qualifying certifications from another training organization,) PADI Deep Diver or proof of 10 dives to 100 feet; 30 logged dives, at least 10 using EANx deeper than 60 feet; 18 years old Be a Rescue Diver. Be a renewed PADI Open Water Scuba Instructor
Be a PADI Enriched Air Instructor, or have successfully completed a PADI Enriched Air Instructor Training course.
Be a PADI Deep Diver Specialty Instructor or have successfully completed a PADI Deep Diver Specialty Instructor Training course.
Have a minimum of 100 logged dives where at least 20 dives were made with enriched air nitrox, 25 dives were deeper than 60 feet and at least 15 dives were deeper than 100 feet.

**Sample Addendum (non-accredited institutions)
Veteran's Attendance Policy**

Early departures, class cuts, tardies, etc., for any portion of a class period will be counted as a partial absence.

Students exceeding 20 % **total** absences in a **calendar month** will be terminated from their VA benefits for unsatisfactory attendance.

In order to show that the cause of unsatisfactory attendance has been removed, students must show good attendance (as defined) for one calendar month after being terminated for unsatisfactory attendance. After such time, the student may be recertified for VA education benefits.

The student's attendance record will be retained in the veteran's file for USDVA and SAA audit purposes.

Standards of Academic Progress for VA Students

Students receiving VA educational benefits must maintain a minimum cumulative grade point average (CGPA) of C/3 each evaluation period.

A VA student whose CGPA falls below C/3 at the end of any evaluation period, will be placed on academic probation for a maximum of two consecutive terms of enrollment. If the VA student's CGPA is still below C/3 at the end of the second consecutive term of probation, the student's VA educational benefits will be terminated.

A VA student terminated from VA educational benefits due to unsatisfactory progress may petition the school to be recertified after attaining a CGPA of C/3.

Veteran's Refund Policy

The refund of the unused portion of tuition, fees, and other charges for veterans or eligible persons who fail to enter a course or withdraw or discontinue prior to completion will be made for all amounts paid which exceed the approximate pro rata portion of the total charges that the length of the completed portion of the course bears to the total length of the course. The proration will be determined on the ratio of the number of days or hours of instruction completed by the student to the total number of instructional days or hours in the course and must be pro rata to the very end.

Veteran's Credit for Previous Education or Training

Students must report all previous post-secondary education and training. The school must maintain a written record that clearly indicates official transcripts have been obtained from all post-secondary institutions that the student has attended, those transcripts have been reviewed and evaluated, and appropriate credit has been granted toward the student's current program, with training time shortened and tuition reduced proportionately, and the veteran so notified.

This Addendum becomes a part of the Catalog for all intents and purposes.

CERTIFIED TRUE AND CORRECT IN CONTENT AND POLICY.
